

Notice from the administrator of the Swissair Group to creditors and the media

**Sale of inflight materials an ongoing success – Arrival of new goods requires update of range and temporary closure of sale premises – Sale restarts on 20 November 2002 featuring trolleys, watches, travel alarm clocks and more – Office fittings and IT equipment to go on sale in early 2003.**

Küsnacht-Zurich, 8 November 2002. The first three weeks of the sale of Swissair inflight materials by the Kurt Hoss company (website: [www.hossliquidator.ch](http://www.hossliquidator.ch)) were an outstanding success. Owing to the large volume of goods on sale, most items are still available, although ski suits, safety vests, sports bags, adult baseball caps, games sets, wine coolers, soup and coffee spoons (silvered) and porcelain cups bearing the Swissair logo have all sold out.

With the arrival of new goods from abroad, the range of articles must be updated and the sale premises reorganised. They will therefore remain closed from 10 November up to and including 19 November 2002. When they reopen at 9.00 a.m. on 20 November 2002, trolleys, watches, travel alarm clocks, binoculars and other articles will go on sale for the first time.

The sale of office fittings and IT equipment is scheduled for the beginning of 2003.
